

*“Life is a sum of all your choices
So, what are we doing about it?”*

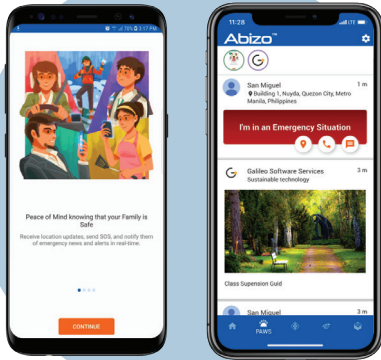

– Albert Camus, French philosopher,
Nobel Laureate for Literature in 1957.

Making the right decision faster & easier

THE NEED

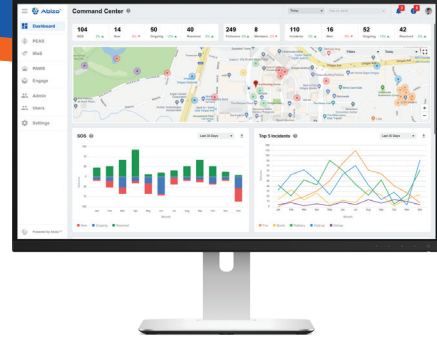

Too many choices, too much risk

How many times have you asked yourself – Am I making the right decision? Do I have all the facts? How do I know the right information? Is there a better option? In this current digital era of globalization, people and business are entwined in an accelerating pace with the volume of information growing exponentially. Leaders need the peace of mind that answers to these questions are available to them - anytime, anywhere.

YOUR BEST DECISION LED YOU HERE

As Albert Camus said – “So, what are you doing about it?” Get in touch with us so we can share with you how Abizo Plus makes decision-making easier and faster. We would like to hear from you about your business objectives. And discuss together how we can achieve these objectives with Abizo Plus.

THE PROVIDER

BEST is in our DNA

Galileo Software Services is built on the core values of embodying to be BEST - Bold thinking, Entrepreneurial empathy, Safety, and Truthfulness. Our concern for the safety of family members was the seed that germinated into Abizo. Our bold thinking was the propellant that pushed us to pursue the once near impossible task of providing a safety net to all Filipino Overseas Workers scattered all around the world. Our Entrepreneurial empathy led us to work with one of the largest insurance company in the world for their emerging consumer market. Truthfulness is the core of the design of Abizo user experience.

You are depended upon by your organization to make the right decisions all the time. Abizo ENGAGE gets you the right information & the right context to help make your best decision thru these modules

Best decision all the time

AIM ACTIVITY INSIGHT MODULE

The Abizo Engage Activity Insight Module (AIM) gives you a broad insight of what is happening in your organization. It practically breaks down the limitation of time and space of how you stay on top of the situation all the time. Abizo AIM lets you know where, what, when & how your most important assets are employed towards your business objectives. Giving you the confidence that you are making the best decision at the moment that it is needed.

HAT HYPER AUDIENCE TARGETING

The Abizo Hyper Audience Targeting (HAT) gives you the ability to reach out to the right party, at the right place and at the right time. It gives you an unprecedented connection with your employees and customers alike. Abizo HAT allows you a constant flow of information at digital speed with the right audience, assuring you of quality data to base your decision upon at the speed the market requires.

EC Abizo ENGAGEMENT COMPOSER

The Abizo Engagement Composer (EC) gives you an easy way to spread and gather large volume of information across your organization. It likewise provides the most cost effective information channel directly to your audience. Abizo EC supports a wide range of communications types and media formats to give you the freedom to compose your message that fits your audience.

**The Abizo Engage Platform comes with a standard API to the major platforms serving as the main engines of the modern enterprises to deliver up to date business insights in guiding your decisions.*
